

arc commercial furniture
2017 collection

Our Brand Story

ARC Commercial Furniture focuses on designing and manufacturing an extensive range of high quality and sustainable indoor and outdoor furniture as well as lightweight concrete products to a large number of Australian Businesses in the commercial, hospitality and property sector. ARC Commercial Furniture offers over 200 styles which can each be customized to suit your project. The collection is on-trend and competitively priced to suit market demands. All our designs are created both in-house or by a selection of international designers.

Why Us?

- Quality furniture products at competitive prices
- Over 200 styles currently available
- Tailored design and production to specific customer requirements
- Frames are made from New Zealand plantation pine & plywood & include life time warranty
- Range of house fabrics comply with international standards
- Customers may also supply their own fabrics
- Raw & natural materials are used for all packing
- BSCI compliant, employ local labour & provide clean, friendly work environment
- Using locally sourced materials, importing technologies & carbon neutral production as some measures employed to work & grow sustainably.
- FSC certification ensures that products come from well managed forests that provide environmental, social and economic benefits
